Demonstration of Proposed Features

Date	15 March 2026
Team ID	To be filled by team
Project Name	Global Fuel Prices and Taxation Trends (2020·2025)
Maximum Marks	1 Mark

Demonstration of Proposed Features:

This document captures all the features that were proposed during the project planning phase and tracks whether each feature was successfully implemented and demonstrated. It serves as evidence of the team's ability to deliver on the proposed solution.

S.No	Feature Name	Description	Status	Demonstrated	Remarks
1	Fuel price comparison	Compare petrol, diesel and LPG prices across available countries.	Present in dashboard; verify live	Confirm during demo	Show comparison charts
2	Country-wise analysis	Explore differences in fuel prices by country.	Present in dashboard; verify live	Confirm during demo	Country comparisons
3	Tax percentage comparison	Compare fuel-tax percentages across countries.	Present in dashboard; verify live	Confirm during demo	Tax comparison view
4	Regional tax analysis	Summarise tax patterns across regions.	Present in dashboard; verify live	Confirm during demo	Regional analysis
5	Brent crude oil trend	Review crude-oil price trends alongside fuel-price context.	Present in dashboard; verify live	Confirm during demo	Crude oil trend
6	Dashboard navigation	Use dashboard sheets, filters and story flow to explore insights.	Verify live	Confirm during demo	Check filters/story

Feature Implementation Summary

Metric	Current status
Total features proposed	6
Implemented / included in dashboard	5 features listed for live verification
Features demonstrated	Confirm during actual demonstration
Overall implementation rate	Not finalised until live verification

Note: This form records the planned dashboard features. Confirm the live dashboard, filters and story flow before marking features as demonstrated.
